

# Blueberry Park Primary School

# Accessibility Plan

## 1. Aims

Schools are required under the Equality Act 2010 to have an accessibility plan. The purpose of the plan is to:

- Increase the extent to which pupils with disabilities can participate in the curriculum.
- Improve the physical environment of the school to enable pupils with disabilities to take better advantage of education, benefits, facilities, and services provided.
- Improve the availability of accessible information to pupils with disabilities.

Our school aims to treat all its pupils fairly and with respect. This involves providing access and opportunities for all pupils without discrimination of any kind.

At Blueberry Park Primary School we value the individuality of all of our children. We are committed to giving all our children every opportunity to achieve the highest of standards. We do this by taking account of pupils' varied experiences and needs. We offer a broad and balanced curriculum and have high expectations of all children. The achievements, attitudes, and well-being of all our children matter.

Our Accessibility and Equal Opportunities Policy is intended to help to ensure that this school promotes the individuality of all children, irrespective of ethnicity, religion, attainment, age, disability, gender, or background.

- We do not discriminate against anyone, be they staff or pupil or parent, on the grounds of ethnicity, religion, attainment, age, disability, gender, or background.
- We promote the principle of fairness and justice for all through the education that we provide in our school. We recognise that doing this may entail treating some pupils differently.
- We seek to ensure that all pupils have equal access to the full range of educational opportunities provided by the school.
- We constantly strive to remove any forms of indirect discrimination that may form barriers to learning for some groups.
- We ensure that all recruitment, employment, promotion, and training systems are fair to all, and provide opportunities for everyone.
- We challenge personal prejudice and stereotypical views whenever they occur.
- We value each pupil's worth; we celebrate the individuality and cultural diversity of the community centred on our school, and we show respect for all minority groups.
- We are aware that prejudice and stereotyping are caused by poor self-image and by ignorance. Through positive educational experiences, and support for each individual's legitimate point of view, we aim to promote positive social attitudes, and respect for all.

The plan will be made available online on the school website, and paper copies are available upon request.

Our school is also committed to ensuring staff are trained in equality issues with reference to the Equality Act 2010, including understanding disability issues.

The school supports any available partnerships to develop and implement the plan.

Our school's complaints procedure covers the accessibility plan. If you have any concerns relating to accessibility in school, the complaints procedure sets out the process for raising these concerns.

We have included a range of stakeholders in the development of this accessibility plan.

**The purpose and direction of the school's plan: vision and values:**

At Blueberry Park Primary School we are committed to giving all of our children every opportunity to achieve the highest of standards. Our vision is “ Love Learning...Love Life” and our Mission is “To provide a happy, secure and stimulating learning environment where children are motivated, valued as individuals and encouraged to reach their full potential.” We do this by taking account of pupils’ varied life experiences and needs. We offer a broad and balanced curriculum and have high expectations for all children. The achievements, attitudes, and well-being of all our children matter. Northcote Primary School promotes the individuality of all our children, irrespective of ethnicity, attainment, age, disability, gender, or background.

Our school aims to be an inclusive school. We actively seek to remove the barriers to learning and participation that can hinder or exclude individual pupils, or groups of pupils.

This means that equality of opportunity must be a reality, when appropriate and safe, for our children.

- girls and boys.
- minority ethnic and faith groups.
- children who need support to learn English as an additional language, children with special educational needs.
- more able students.
- children who are vulnerable.
- children who have physical and/or sensory needs.

### **Information from pupil data and school audit**

We currently have a whole range of children of all backgrounds, needs and abilities including:

- Cognition and Learning difficulties
- Speech, Language and Communication
- Social, Emotional and Mental Health
- Sensory and or Physical
- Hearing Impaired
- ASD
- ADHD
- Allergies
- Asthma

We collect information from the Early Years settings, so that we are prepared for children when they arrive in school.

We liaise with parents and professionals involved with the children to ensure we provide the right care for their needs.

## **2. Legislation and Guidance**

This document meets the requirements of [schedule 10 of the Equality Act 2010](#) and the Department for Education (DfE) [guidance for schools on the Equality Act 2010](#).

The Equality Act 2010 defines an individual as disabled if they have a physical or mental impairment that has a ‘substantial’ and ‘long-term’ adverse effect on their ability to undertake normal day to day activities.

Under the Special Educational Needs and Disability (SEND) Code of Practice, 'long-term' is defined as 'a year or more' and 'substantial' is defined as 'more than minor or trivial'. The definition includes sensory impairments, such as those affecting sight or hearing, and long-term health conditions such as asthma, diabetes, epilepsy, and cancer. Schools are required to make 'reasonable adjustments' for pupils with disabilities under the Equality Act 2010, to alleviate any substantial disadvantage that a pupil with disabilities faces in comparison with a pupil without disabilities. This can include, for example, the provision of an auxiliary aid or adjustments to premises.

### 3. Blueberry Park Primary School's Action Plan

#### **The main priorities in the school's plan**

We take advice on support needed for children with disabilities and work with experts to ensure they have the support necessary **to fully include them in the life of the school.**

#### **The action plan ensures that:**

- The school draws on the expertise of external agencies to provide specialist advice and support.
- The SENDCO has an overview of the needs of disabled pupils.
- There are high expectations.
- There is appropriate deployment and training of learning support staff.
- Successful practice is shared within the school.
- Disabled pupils have access to extra-curricular activities. Staff delivering these are in receipt of additional and necessary training.
